

50% of all boating deaths in New York could have been avoided if the victim had been wearing a life-jacket. Make sure your lifejacket fits properly, is in good condition, and is U.S. Coast Guard approved.

New York Safe Boating

Youths operating motorboats and anyone operating a personal watercraft must complete a boating safety course.

To find a course near you, go to:

www.nysparks.com

and click *Boating*. Classes are open to anyone interested in learning to be a safer boater.

AMERICA'S WATERWAY WATCH

FOR IMMEDIATE DANGER TO LIFE OR PROPERTY CALL 911 OR USCG ON MARINE CHANNEL 16

LOOK FOR AND REPORT:

- Suspicious waterfront loitering
- Forcible access
- Persons photographing, taping or sketching
- Boaters seeming to be forcibly controlled
- Liquids being poured into water bodies
- Apparently dangerous loads or cargoes
- Items appearing to be weapons or explosives
- Boats loitering under bridges or by locks or dams
- Diving operations near any critical infrastructure
- Boats or divers in naval protection zones
- Note appearance, size and coloring of individuals
- Note type of boat, car, registration, etc
- If diving is involved, note color of equipment

REPORT WHAT YOU SEE TO

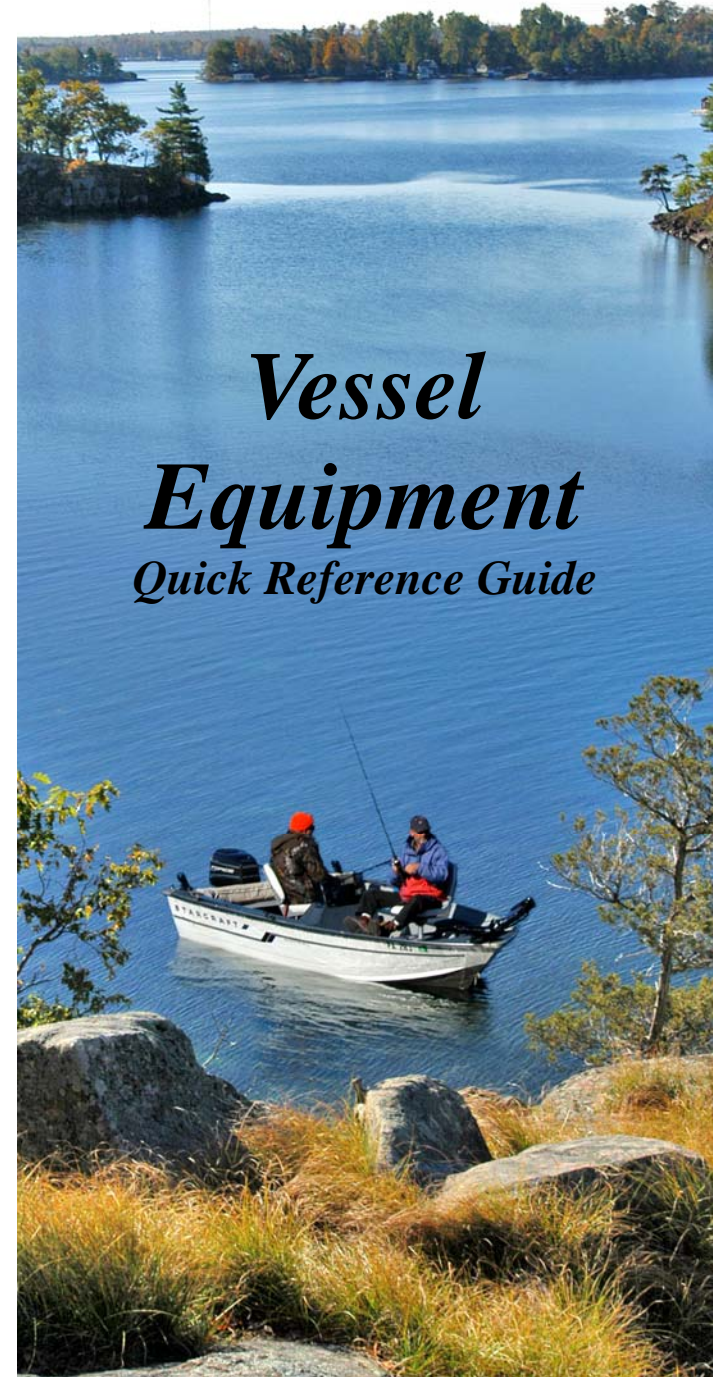

1-877-24-WATCH

New York State Office of
Parks, Recreation & Historic Preservation
Empire State Plaza, Building 1
Albany, NY 12238
