

KALEIDOSCOPE OF KEUKA

The KLA continues to encourage members to share their favorite photographs of Keuka Lake to create a collection of photos called "Kaleidoscope of Keuka". You may submit a photograph representing any appropriate subject matter related to Keuka Lake. We hope to place photographs on our KLA website. We may also use your photographs in future newsletters or for other KLA activities (e.g., the annual meeting). Stay tuned!! Please use the instructions below for sending your photographs to the KLA.

You can send us photographs in digital or printed form. We will return your photo if you send along a SASE. We also plan to have a scanner available at the July Annual Meeting, so please plan on bringing your favorite photos to the meeting that day.

Here are the easy guidelines for submitting your favorite photographs

ELIGIBILITY

Any member of the KLA may submit a photograph. You must own the rights to the image.

SUBJECT MATTER

Any appropriate subject matter taken at Keuka Lake. Photos may be of scenery, wildlife, flora, historic sites, or people enjoying the outdoor recreation at Keuka Lake. Remember, we are interested in photographs that show all four seasons on our lake (e.g., March or November as well as the peak summer months!). A subject release form may be required if people can readily be identified in a photo.

FORMAT

Please send your photographs (preferably at least 4" x 6" size) by mail or bring them to the KLA Office.

Packaging

- Photographs will generally not be returned.
- For best protection, photographers are encouraged to use padded or heavy cardboard mailing envelopes.

- Photographers who would like their photos returned by certified mail must purchase and submit the appropriate postal forms with their SASE. While utmost care in handling and storing photos is given to all submissions, the KLA cannot assume liability for damage or loss.
- Please send your digital photographs on CD ROM by mail, or by e-mail, or bring them to the KLA office.
- CDs will not be returned. The CD can be formatted in either Macintosh or PC format. Files can be compressed or uncompressed. It is preferred that digital images be at least 2.5 megapixels and in a TIFF or JPEG format.
- For maximum disk protection, photographers are encouraged to use padded or heavy cardboard mailing envelopes specifically made for CD if mailed.
